Workplace Health and Safety Statement

GENERAL STATEMENT OF POLICY

The policy of Emerald Quarries is to comply with the Safety, Health and Welfare at Work Act 2005 and to ensure so far as is reasonably practicable the safety, health and welfare of all employees working for Emerald Quarries and provide appropriate information, training and supervision.

We will consult with our employees in establishing arrangements for securing co-operation in the workplace on safety, health and welfare. These arrangements will allow employees to be consulted on steps taken to safeguard their safety, health and welfare and allow them to select and appoint a Safety Representative from amongst their numbers.

It is also our policy to protect so far as is reasonably practicable the health, safety and welfare of other persons affected by our activities but not directly employed by Emerald Quarries.

All employees have the responsibility to co-operate with management to achieve a healthy and safe workplace and to take reasonable care of themselves and others on the premises. It is the responsibility and duty of all employees to comply with Emerald Quarries Safety Policy by exercising due caution and care.

DOCUMENT CONTROL

The Manager in control of each location holds the current copy of the Safety Statement for that location.

The original is held with the Environmental, Health & Safety Manager.

Terry Peisker - C.E.O.
